Accreditation:

Statement of Need / Program Description:

Sonographers, nurses and other healthcare professionals involved in the practice of echocardiography require information on related recommended changes to Echo laboratory policy involving the use of UEAs. This meeting allows an expert in the field, to discuss new information to laboratory policy for ultrasound enhancing agents (UEAs) and clinical imaging realities in regards to patient care.

Target Audience:

The content of this SDMS CME symposium is intended for healthcare professionals including Sonographers, Imaging Nurses, Administrators, Researchers, and Others.

Accreditation and CME Credit Statements:

This program has been submitted for approval of 1.0 hours of SDMS CME Credit Category AE by the Society of Diagnostic Medical Sonographers (SDMS)

Faculty and Planner Disclosures:

As an accredited provider of continuing medical education, it is the policy of The Northwest Imaging Forums, Inc. (NWIF) to ensure balance, independence, objectivity, and scientific rigor in all of its live activities. In accordance with this policy, faculty and planners must disclose any financial relationships with commercial interests germane to program content. Additionally, in the event a conflict of interest (COI) does exist, it is the policy of NWIF to ensure that the COI is resolved in order to ensure the integrity of the CME activity. The planner has nothing to disclose.
