### Program Learning Objectives

1. Understand the principles of CEUS imaging
2. Understand approaches to CEUS quantification
3. Review developing technology with potential clinical applications

### Accreditation:

#### Statement of Need / Program Description:

This dinner meeting titled "Why the Bubble is King" discusses a practical overview of CEUS imaging principles, understanding CEUS quantification, and reviewing the developing technology with potential clinical applications tailored to individual patients.

#### Target Audience:

The content of this SDMS CME symposium is intended for healthcare professionals including Sonographers, Imaging Nurses, Administrators, Researchers, and Others.

#### Accreditation Credit Statements:

This SDMS CME activity has been planned and submitted for approval of 1.0 hours of SDMS CME Credit Category AE by the Society of Diagnostic Medical Sonographers (SDMS).

#### Faculty and Planner Disclosures

As an accredited provider of continuing medical education, it is the policy of The Northwest Imaging Forums, Inc. (NWIF) to ensure balance, independence, objectivity, and scientific rigor in all of its live activities. In accordance with this policy, faculty and planners must disclose any financial relationships with commercial interests germane to program content. Additionally, in the event a conflict of interest (COI) does exist, it is the policy of NWIF to ensure that the COI is resolved in order to ensure the integrity of the SDMS CME activity. The planner has nothing to disclose.
